Dear Miss Lindsay,

At a meeting held in Edinburgh on 7th. inst., attended by Pat Arrowsmith, Secretary, Direct Action Committee against Nuclear War, I undertook to draft a proposed itinary for the portion of the march - Edinburgh to Glasgow - that their members are planning from Trafalgar Square to Holy Loch. I enclose a draft route, which has been planned to follow the best populated roads and particularly industrial areas. Accomodation has to be found for an -as yet - unknown number of marchers at each stopping place.

Please give this route early consideration, especially in your locality, and send any criticisms and proposed amendments to Kenneth McNeil as soon as possible. We should then be able to finalise it and put it to Pat Arrowsmith as our recommendation.

With best wishes.

Yours sincerely,

Ronald H. MacIntosh

Treasurer.
